

TOURISM IN POLAND

2013 - 2023

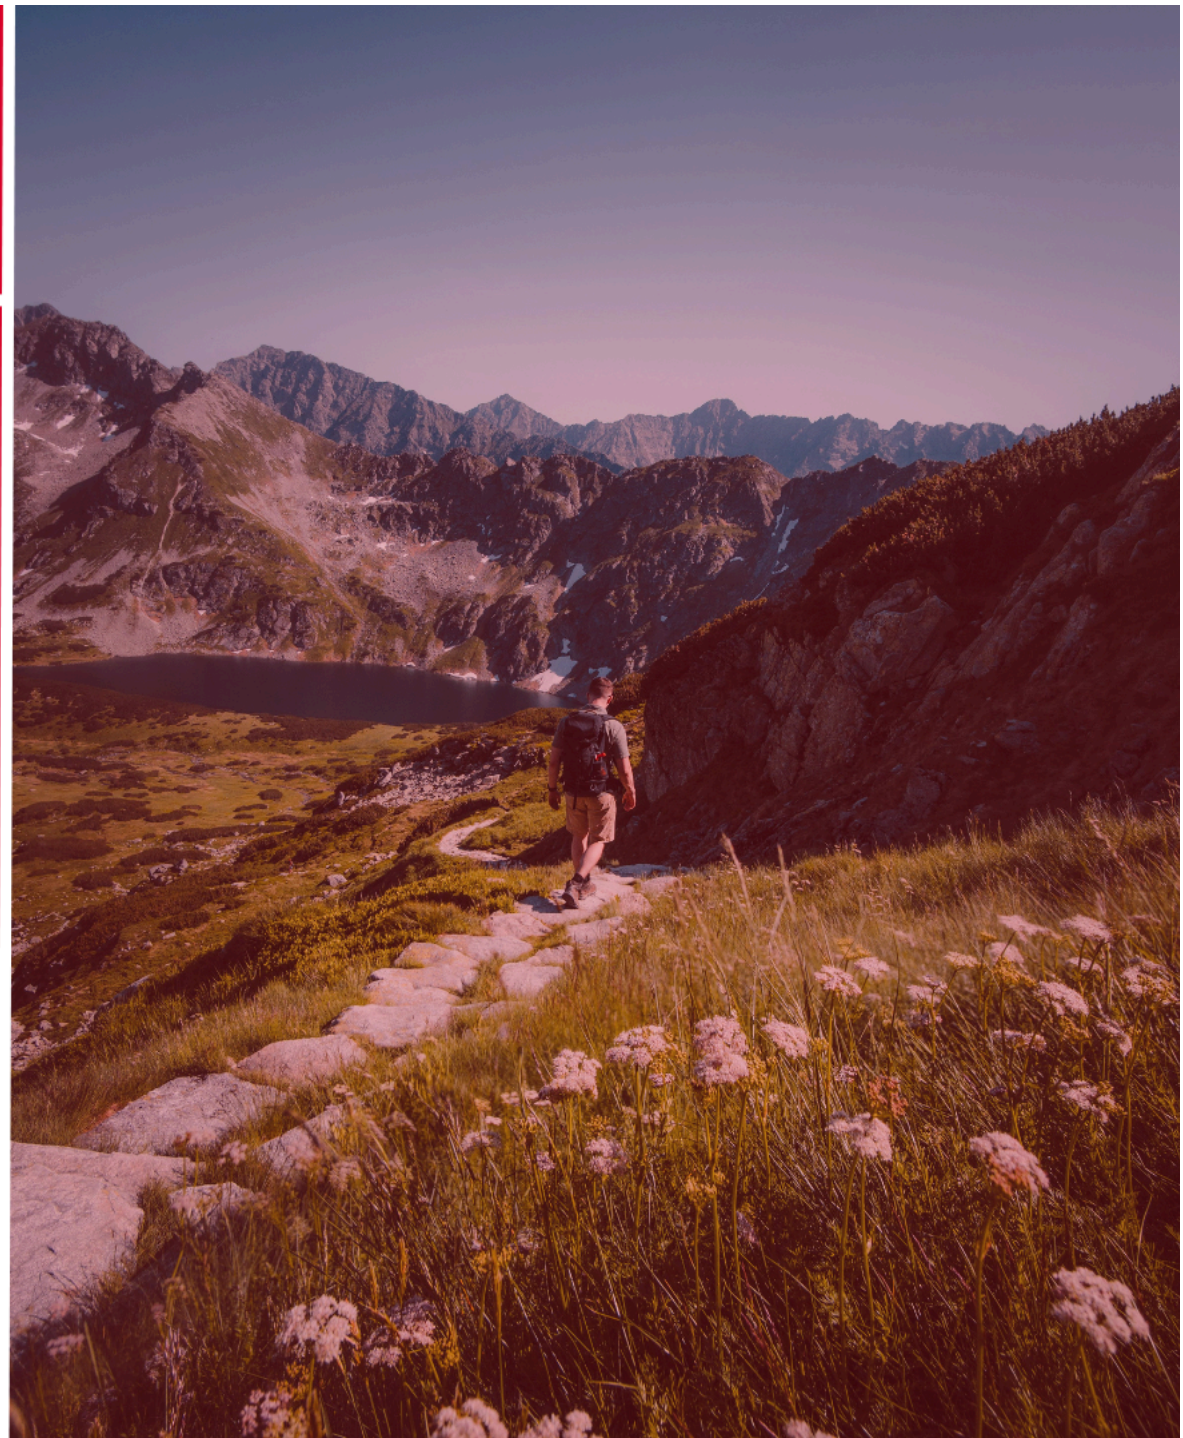

This report presents an analysis of tourism in Poland from 2013 to 2023. It includes detailed data on the number of tourists visiting Poland, the number of tourist accommodations offering lodging, and the availability of lodging places per 1,000 inhabitants, broken down by voivodeships. Additionally, the report analyses the number of hotels, motels, and other lodging establishments, considering their categorization based on standards (from 1 to 5 stars). The report also highlights disruptions in the tourism industry caused by the impact of the COVID-19 pandemic in Poland.

The data used in this report was obtained from the Central Statistical Office of Poland (GUS) website.
